No.9399 12/49-7, dated 21st April 1950.

Sir,

Sub: Bellary Co-operative Building Society - deputation of a Supervisor from the P.W.D.

Ref: Correspondence resting with my letter No.9399 12/49-4, dated 6-3-50.

- - -

The Superintending Engineer, Anantapur Circle was requested to ascertain and report whether any of the regular supervisors serving in his Circle are willing to be deputed to the Bellary Co-operative Building Society on foreign service terms. The Superintending Engineer reported the names of four supervisors who have expressed their willingness for deputation to the above mentioned Society but none of them is considered suitable for deputation to the Society. Experience shows that supervisors belonging to other districts are not likely to agree to the deputation in the present circumstances it is not possible to post a supervisor from this department to the Bellary Co-operative Building Society.

2. Now that there are fresh candidates available, the Society may be advised to secure the services of a Sub-Engineer on its own efforts.

To D.S.

The R.C.S. (Housing) narrated, in his letter
P1C6 on P.1C6, the difficulties encountered by House Building
Societies in the Ceded Districts in the matter of
obtaining suitable men with Engineering qualifications
to get on with this work and suggested that the
C.E., P.W.D. might be asked to depute one Upper
Subordinate Supervisor to the Bellary Cooperative House
Building Society on foreign service terms. The C.E.,
who was consulted, has, for the reasons stated by
him in his letter on PP.7-8 C6, stated that it is
P7C6 not possible to spare a Supervisor to the Society
and has suggested that the Society
P8C6 may secure the services of a candidate out of the
students coming out of the Engg. Colleges.
